- Attracting New Clients Email (Customizable template provided)
- <u>Automated KPI Scorecard Example</u> (Fictional client - no benchmarking)
- Financial Reporting Example
- <u>Advisory Portal Example</u>

Dear <Client Name>,

As a valued client, I am offering you some actionable insights to help you easily identify where your business is trending favorably (GREEN) and areas that may require corrective action (RED).

For clients I currently provide advisory services to, these actionable insights are the basis of our conversations which can result in **increased efficiency and profitability**. I am confident the attached KPI Scorecard will afford similar value for you, and it is available at **no cost to you for the next 3 months**.

Understanding the KPI Scorecard

- The "Ideal Range" of Income, COGS, Expenses, and KPI analysis is based on the weighted average of your last 12-months actuals with a +/- 2% spread.
- · Reference the "Guidance" tab, but in summary...
- GREEN = At or above the "High" for Income; At or below the "Low" for COGS and Expenses
 BLACK = In range
- BLACK = In range
- RED = At or below the "Low" for Income; At or above the "High" for COGS and Expenses
- The "Entity Performance" section shows how your business is trending in the critical areas of Income, COGS, Expenses, and KPI analysis over the selected period:
- RED × = Unfavorable trend
- · The additional 4 tabs provide graphed views of your:
 - Income & Total Expenses
- Cash Balances
- Top 10 Expenses
- AP & AR Actuals

Next Steps

If, on any of these reports, you see **RED Ratios** or **RED**X s, these are areas that require prompt attention as they are **negatively impacting** your **Net Income**. Please contact me to discuss further.

As always, my objective is to provide best practice insights and support to help you exceed your financial goals. Thank you and I look forward to your feedback on the value the KPI Scorecard and these financial packages may provide.

Sincerely,

Future Forward 2024
